Packages - Freedom Issue #356

[gloobus-preview] recommends unrar in optdepends

2013-06-23 03:46 AM - mtjm

Status:	fixed	**% Done:**	100%
Priority:	freedom issue		
Assignee:	mtjm		
Category:			

Description

Looks very easy to use bsdtar instead.

History

#2 - 2013-06-23 06:27 AM - mtjm

Built for x86_64, needs building for i686 and a blacklist entry.

The patch could be improved: using libarchive or bsdtar instead of other archivers too would remove an optional dependency on unzip.
