

Packages - Freedom Issue #1024

[parabola-wiki-docs] replaces [arch-wiki-docs]

2016-06-05 04:10 AM - GiorgianB

Status: fixed	% Done: 100%
Priority: freedom issue	
Assignee: ovruni	
Category:	
Description A very useful feature on Arch, especially on long trips where access to the internet was not guaranteed, I found the package 'arch-wiki-docs' and 'arch-wiki-lite' packages to be very helpful. I was wondering if parabola could package with it's own wiki? Thank you!
