Description	
Today I noticed reflector cannot find mirrors anymore, no matter which options I use.	
reflector --sort rate --protocol https --save /etc/pacman.d/mirrorlist error: no mirrors found	
reflector error: no mirrors found

I forgot to say I'm using reflector-2015.12-2.parabola3

#2 - 2016-11-01 11:33 AM - fturco

I tried again today. I can successfully use reflector now. I guess this bug can be closed.
