

Packages - Bug #1222

[iceweasel] Iceweasel 51 shows in their user agent Firefox 50

2017-03-04 12:06 AM - eliotime3000

Status: fixed	% Done: 100%
Priority: bug	
Assignee:	
Category:	
Description	
Iceweasel 51.0.1 shows the user agent says that is Firefox 50. It could not be a problem, but for some fingerprint-based websites, it could identify as outdated (i.e. "Mozilla Firefox website").	
Please update the Iceweasel 51.0.1 user agent for show Firefox 51 version by caution.	
Thanks.
