| Description | | | |
| Please add the package emmet-mode. | | | |
| If is freedom then you can add it. | | | |
| Here the source code emmet-mode: | | | |
| https://github.com/smihica/emmet-mode | | | |
| If is not free, not add issue. Thanks! | | | |

History

#2 - 2017-03-25 04:01 AM - ovruni

- Priority changed from freedom issue to wish
- Tracker changed from Freedom Issue to Packaging Request

#3 - 2017-04-09 05:52 PM - lukeshu

Is there a reason that you can't just get it from `package.el`? It's not in elpa.gnu.org, but it's in MELPA. Are there freedom issues with packages from MELPA? Can this be added to elpa.gnu.org, instead of Parabola; that way all Emacs users can benefit, not just those on Parabola.
