<b>Description</b>	
The following file in the source code of xscreensaver 5.11 appears to not have source code supplied: /hacks/images/m6502/dmsc.asm	
The following comment is found:	
"; By DMSC - <a href="mailto:daniel.serpell@gmail.com">daniel.serpell@gmail.com</a>

; If you want the source code, send me an email :-)"	
I'd recommend stripping this from xscreensaver and creating a libre package.
