Fixed, rebuild package midori at version: midori 0.5.11-5.parabola2

#2 - 2017-05-13 01:41 AM - Anonymous

Thank you! :-)

This error occurs by the webkit2gtk package old of nonprism, I updated webkit2gtk-2.17.2-2.

Test reinstall webkit2gtk[nonprism] and midori.

It works! Thank you. :-)

Please, close the issue.
