

Installation Media - Bug #1340

[systemd][mate]: CLI Installation script installs inexistent packages

2017-05-25 07:44 PM - gn21

Status:	fixed	% Done:	0%
Priority:	bug		
Assignee:	bill-auger		
Category:			
Description			
The live DVD mate install.sh script does not work in option number 5: "(Optional) Install Live DVD Graphic Environment / Applications"			

History

#1 - 2017-05-26 09:44 PM - oaken-source

- Project changed from Packages to Installation Media

#2 - 2017-05-27 08:02 PM - bill-auger

the title of this issue is not very descriptive - i suggest "2017-05 mate ISO install fails"

#3 - 2017-05-28 12:16 AM - bill-auger

- File parabola-iso-packages.png added

ok i verified this today - this issue is very similar to one i reported for the 2016-11 ISO <https://labs.parabola.nu/issues/1132> - it appears to be due to some packages missing from the ISO that are not fetched from the network either - see screenshot

#4 - 2017-05-28 12:46 AM - bill-auger

as a side note i also noticed there are some typos in this installer that were present in the 2016.07 ISO but were corrected for the 2016.11 ISO - i suspect this ISO was built using an outdated branch or tools - note the patch below is not present in this ISO

<https://git.parabola.nu/packages/parabolaiso.git/commit/?id=455b406494bc2b1090a2238c0769f8cbf3323170>

#5 - 2017-10-08 06:15 AM - Megver83

- Status changed from open to in progress

- Subject changed from Issues - Parabola to [MATE ISO] Installation script installs inexistent packages

The script tries to install packages which don't exist (they are deprecated). Anyways, this was fixed but we haven't released another official graphical ISO yet, however we are working on getting LXDE, so I'll mark this issue as "in progress"

#6 - 2017-10-16 09:38 PM - bill-auger

- Assignee set to bill-auger

"in progress" should have an "assignee"

#7 - 2018-01-09 10:40 PM - bill-auger

- Status changed from in progress to fixed

- Subject changed from [MATE ISO] Installation script installs inexistent packages to [systemd][mate]: CLI Installation script installs inexistent packages
