Description

[YAGF] doesn't work. It open a GUI but when I tried to open a document or scan, the application is suddenly closed.

Versión
0.9.5-3

- Currently, there is no info into the web page provided by developers. [[http://symmetrica.net/cuneiform-linux/yagf-en.html]]

History

#1 - 2022-05-09 05:32 AM - Zuss

Package doesn't exist on the repos anymore. The program itself hasn't been updated since 2015. If there's any interest for this package, then we could bring it back.

#2 - 2022-05-14 12:38 PM - Zuss

- Status changed from open to not-a-bug
