

pacman2pacman - Bug #1353

There should be a config file

2017-05-29 11:35 AM - xylon

| Description It would be fab if there was a config file so that the user could tweak settings such as how long it looks for a torrent before giving up etc | |

History

#1 - 2017-06-10 07:20 PM - xylon

Also the list of mirrors to look for torrents should be configurable, currently hard-wired as /etc/pacman.d/mirrorlist

#2 - 2017-06-17 09:37 PM - xylon

also should be configurable: how long before it gives up trying with p2p

#3 - 2017-06-22 12:01 PM - xylon

- % Done changed from 0 to 100

- Status changed from open to fixed

Implemented in today's release.
