

Packages - Bug #145

freevo has mplayer as mandatory dependency but doesn't check if it is installed before (nor drops a message)

2012-07-06 02:00 AM - dantoac

Status: not-a-bug	% Done: 0%
Priority: bug	
Assignee:	
Category:	
Description	
Freevo package can't run if it doesn't already exist the "mplayer" application installed (being provided by mplayer-libre, mplayer2, et al) but at this moment, when one install freevo it doesn't even notice that mplayer-* is not installed.	
<pre>[dantoac@primus ~]\$ freevo setup Ruta del sistema primero=No ***** ERROR: no se puede encontrar mplayer Por favor instale la aplicaci�n y p�ngala en la ruta del sistema Freevo no funcionar� sin ello. *****</pre>	
best regards
