Description			
I would greatly like this tool as it would make it easier to use firejail.

I would also like this package to be added to the PCR repo.

Package Details:

Description: GUI tools for firejail  
License: GPLv2 (see: <https://github.com/netblue30/firetools/blob/master/COPYING>)  
AUR: <https://aur.archlinux.org/packages/firetools/>  
Code: <https://github.com/netblue30/firetools>  
Website: <https://l3net.wordpress.com/projects/firejail/#firetools>

OK, I'll see if I can add it to [pcr] soon. I've been busy with the kernels, but looks like this won't take too much. Do you want it for x86 or also for ARM?

I would also like it for arm. actually. if anyone wants it for x86 feel free. But arm and x86\_64 are a must.
