

## Packages - Bug #1472

### [kodi] missing \*.md5 files for Kodi add-ons on repomirror

2017-09-17 11:29 PM - bpl

<b>Status:</b> fixed	<b>% Done:</b> 100%
<b>Priority:</b> bug	
<b>Assignee:</b>	
<b>Category:</b>	
<b>Description</b>	
<p>I tried installing the Kodi add-ons Maps Browser and Weather Underground from within the Kodi UI, and checked the log (/var/lib/kodi/.kodi/temp/kodi.log) when it did not seem to work. There I found messages like this:</p>	
<pre>23:55:36.233 T:140104317466816 ERROR: CCurlFile::Open failed with code 404 for <a href="http://repo.parabola.nu/other/kodi-libre/addons/krypton/script.maps.browser/script.maps.browser-1.0.0.zip.md5">http://repo.parabola.nu/other/kodi-libre/addons/krypton/script.maps.browser/script.maps.browser-1.0.0.zip.md5</a> 23:55:36.234 T:140104317466816 ERROR: Open - failed to open source &lt; <a href="http://repo.parabola.nu/other/kodi-libre/addons/krypton/script.maps.browser/script.maps.browser-1.0.0.zip.md5">http://repo.parabola.nu/other/kodi-libre/addons/krypton/script.maps.browser/script.maps.browser-1.0.0.zip.md5</a>&gt; ... 00:12:59.075 T:140104317466816 ERROR: CCurlFile::Open failed with code 404 for <a href="http://repo.parabola.nu/other/kodi-libre/addons/krypton/weather.wunderground/weather.wunderground-6.0.0.zip.md5">http://repo.parabola.nu/other/kodi-libre/addons/krypton/weather.wunderground/weather.wunderground-6.0.0.zip.md5</a> 00:12:59.075 T:140104317466816 ERROR: Open - failed to open source &lt; <a href="http://repo.parabola.nu/other/kodi-libre/addons/krypton/weather.wunderground/weather.wunderground-6.0.0.zip.md5">http://repo.parabola.nu/other/kodi-libre/addons/krypton/weather.wunderground/weather.wunderground-6.0.0.zip.md5</a>&gt;</pre>	
<p>The zip files themselves are available at the mirror, but the MD5 checksum files indeed seem missing, see e.g. the directory listing here: <a href="https://repomirror.parabola.nu/other/kodi-libre/addons/krypton/weather.wunderground/">https://repomirror.parabola.nu/other/kodi-libre/addons/krypton/weather.wunderground/</a></p>

- Status changed from open to fixed

Well, I also had this problem (before knowing this thread) and fixed it. I made a script in the server to generate the MD5 sums. This fix was applied to krypton only.
