

libretools - Bug #1473

[librechroot]/[libremakepkg] Ctrl-C can't end it.

2017-09-18 02:40 AM - lukeshu

Status:	fixed	% Done:	100%
Priority:	bug		
Assignee:	lukeshu		
Category:			
Description			
This is a consequence of a bug in glibc 2.26. https://sourceware.org/bugzilla/show_bug.cgi?id=22145			
Note that what matters is the glibc version inside of the chroot; it is fine to have glibc 2.26 on the outside.
