Description	
Hello,	
Could it be possible to add :	
s-tui	
"s-tui is a terminal UI for monitoring your computer. s-tui allows to monitor CPU temperature, frequency, power and utilization in a graphical way from the terminal."	
➤ https://aur.archlinux.org/packages/s-tui/	
> https://github.com/amanusk/s-tui	
License : GPLv2	
to PCR please ?	
Thank you
