

Packages - Packaging Request #1482

[mist] add to PCR

2017-09-23 03:38 PM - adfeno

Status: open	% Done: 0%
Priority: wish	
Assignee:	
Category:	
Description zeropar, a user in the #parabola IRC channel suggested to package mist. mist is [[https://github.com/ethereum/mist]] Note that I don't know if it's free/libre (we'll have to investigate that). Please note that I'm neither in favor nor against packaging these, and I'm not currently doing it (because I have college degree finishing/graduation paper/article to finish). Please talk to zeropar for more information instead.
