- Assignee set to oaken-source

- Status changed from open to in progress

#2 - 2017-10-13 06:33 PM - oaken-source

please let me know if there are issues with the updated version, it installs fine, but it keeps crashing with segmentation faults on my end that I am currently unable to locate.

#3 - 2017-10-14 06:54 AM - oaken-source

- Status changed from in progress to info needed

Thanks. It installs fine now. But I also have segmentation faults unfortunately.

#5 - 2017-10-14 08:40 AM - oaken-source

- Status changed from info needed to forwarded upstream

Then I am afraid this is out of my hands. I have reported a bug upstream:

https://github.com/jliljebl/flowblade/issues/445

#6 - 2017-10-15 03:54 PM - oaken-source

- Subject changed from [flowblade] Can't install because of missing dependency python2-gnomevfs to [flowblade] Segfault on startup

#7 - 2018-02-08 01:25 AM - oaken-source

- % Done changed from 0 to 100

- Status changed from forwarded upstream to fixed

the upstream bug has been fixed and I rebuilt flowblade accordingly.
