

## Documentation - Bug #156

### git for Parabola contributors

2012-07-27 05:41 PM - mtjm

<b>Status:</b> open	<b>% Done:</b> 0%
<b>Priority:</b> feature	
<b>Assignee:</b>	
<b>Category:</b>	
<b>Description</b> My notes: <ul style="list-style-type: none"><li>• set user name and email</li><li>• clone abslibre.git or abslibre-mips64el.git</li><li>• add, remove, checkout, status, diff</li><li>• commit</li><li>• push, pull</li><li>• format-patch, send-email</li><li>• sending ssh keys to the list</li><li>• then propose on list deprecating and removing libretools scripts wrapping git</li></ul> Possible benefits: <ul style="list-style-type: none"><li>• easier to contribute</li><li>• higher change history quality, more available reasons for changes (so easier to fix future bugs)</li></ul>	

#### History

#2 - 2015-04-18 08:29 PM - alfplayer

<https://bull.codes/> can be used for this?

#3 - 2015-04-18 08:32 PM - mtjm

How does it help document git usage in a more transparent way?

#4 - 2015-04-30 01:23 AM - alfplayer

Meanwhile, people who want to get a package in a Parabola repo can try this: <https://lists.parabola.nu/pipermail/assist/2015-April/000448.html>
