this one is fixed

<https://git.parabola.nu/abslibre.git/tree/libre-testing/linux-libre/linux.install>

linux-libre 4.14.x will be available in [libre-testing] until cryptsetup works well too.

- % Done changed from 0 to 100

- Status changed from open to fixed

since the syntax error is a minimum mistake that has been solved, I mark this issue as fixed.
