

Packages - Freedom Issue #1611

[libkgapi] add to blacklist?

2018-01-16 07:22 AM - oaken-source

Status: duplicate	% Done: 0%
Priority: freedom issue	
Assignee:	
Category:	
Description libkgapi depends on qt5-webengine, and is currently uninstallable. additionally, the pkgdesc states: 'A KDE-based library for accessing various Google services via their public API' so we should probably blacklist it anyway. more information: https://www.archlinux.org/packages/extra/x86_64/libkgapi/
