History

#2 - 2012-12-14 05:06 AM - mtjm

Not seeing any need for ecl instead of e.g. clisp or sbcl (of which only clisp currently works), nor any comments related to this issue, I have removed ecl from mips64el.

#3 - 2016-05-12 12:16 AM - Anonymous

- Project changed from 3 to Ports
