

Ports - Bug #1645

GNOME desktop is broken

2018-02-21 04:52 AM - lanlink

Status: open	% Done: 0%
Priority: broken	
Assignee:	
Category:	
Description It does not respond when I try to log in to GNOME on GDM, only shut down and restart. There is no problem with using GDM to log in to the plasma(KDE desktop).
