[kio] can't load "file.so" library

2018-03-15 04:37 PM - Megver83

Status: not-a-bug	% Done: 0%
Priority: bug	
Assignee: oaken-source	
Category:	
Description	
The latest [libre] version of kio (5.44.0-1.parabola1) fails to load the /usr/lib/qt/plugins/kf5/kio/file.so lib, so dolphin can't show directories nor files.	
Downgrading the pkg fixed this issue to me, but of course we should do temporally until it gets fixed.
