

## dbscripts - Bug #1661

### Merge [ftplib-cleanup] and [db-cleanup]

2018-03-17 04:29 AM - lukeshu

<b>Status:</b> open	<b>% Done:</b> 0%
<b>Priority:</b> wish	
<b>Assignee:</b>	
<b>Category:</b>	
<b>Description</b>	
From README:	
When we remove a package from a repository, it stays in the package "pool". We would like to be able to eventually remove packages from the pool, to reclaim the disk space:	
<pre>- `cron-jobs/ftplib-cleanup` - `cron-jobs/db-cleanup`</pre>	
Both of these programs do the exact same thing. Parabola developers decided to write their own from scratch, instead of modifying `ftplib-cleanup`. They should eventually be merged.
