

dbscripts - Bug #1663

[db-import-*] Use [db-update] & [db-remove]

Status: fixed	% Done: 100%
Priority: wish

Category:	
Description Having db-update, db-remove, and db-move be the only programs that can write to the repos would be a huge win for robustness, reliability, and simplicity. No more having .db files temporarily disappear.
