

Servers - Bug #173

[labs] Too much data is needed to register

2012-08-09 01:22 PM - mtjm

Status: open	% Done: 0%
Priority: bug	
Assignee:	
Category:	
Description Another solution would be to accept anonymous reports and comments. Users reporting problems on #parabola wrote that password, real name and email address shouldn't be required. The first field is clearly useless with OpenID (which we probably don't recommend enough).
