

libretools - Bug #1768

[libreblacklist] update isn't safe to run in parallel

2018-04-28 06:51 AM - lukeshu

| | |
|--|------------------------|
| <div>Status:fixed</div> <div>Priority:bug</div> <div>Assignee:lukeshu</div> <div>Category:</div> | <div>% Done:100%</div> |
| <div>Description</div> <div>After configuring repo to run db-import-pkg packages and db-import-pkg community at the same time, we ended up with:</div> <div>Date: Sat, 28 Apr 2018 00:13:02 +0000 (GMT)</div> <div>Subject: [Maintenance] Cron <repo@winston> chronic bash -c 'db-import-pkg community 2>&1'</div> <div>From: "(Cron Daemon)" <repo@winston.parabola.nu></div> <div>To: maintenance@lists.parabola.nu</div> <div>Message-Id: <20180428001302.BA0CBFB81F4@winston.parabola.nu></div> <div>List-Id: For maintenance stuff <maintenance.lists.parabola.nu></div> <div> </div> <div>==> Downloading blacklist of proprietary software packages...done</div> <div>mv: cannot stat '/home/repo/.cache/libretools/blacklist.txt.part': No such file or directory</div> <div> </div> <div>==> ERROR: An unknown error has occurred. Exiting...</div> <div>/usr/bin/bash: line 1: 24278 User defined signal 1 db-import-pkg community 2>&1</div> <div> </div> <div>And sure enough, looking at the blacklist-update() code, I see that it isn't safe.</div> | |
