Bug # 1770 (fixed): [db-scripts]: missing packages from upstream

[tk] Is not in any repo, but listed

2018-04-30 04:57 AM - glumpo

Status: fixed	% Done: 100%
Priority: bug	
Assignee: lukeshu	
Category:	
Description	
I am trying to install tk, but	
<pre>pacman -S tk</pre>	
says 'tarhet not found'.	
I checked by hands some repos, there are only links, which returns 404, or nothing. For example:	
https://repo.parabola.nu/extra/os/x86_64/
