

## libretools - Feature Request #1972

### [libremakepkg] Should have an option to use an existing sourceball

2018-08-27 02:56 AM - lukeshu

<b>Status:</b> fixed	<b>% Done:</b> 100%
<b>Priority:</b> feature	
<b>Assignee:</b> lukeshu	
<b>Category:</b>	
<b>Description</b> This is just a good idea; building from a sourceball now is silly, you have to extract it, only for libremakepkg to recompress it. Plus, it could speed things up for VCS packages with multi-gigabyte repos (like iceweasel).	

#### History

---

##### #1 - 2018-08-27 02:57 AM - lukeshu

- Description updated

##### #2 - 2018-10-15 06:52 PM - lukeshu

- % Done changed from 0 to 100

- Assignee set to lukeshu

- Status changed from open to in progress

This is the -S flag in git master.

##### #3 - 2018-10-15 06:53 PM - lukeshu

- Status changed from in progress to fixed
