Blender broken :

2012-10-16 07:43 AM - icarious

Status: fixed	% Done: 100%
Priority: bug	
Assignee:	
Category:	
Description	
Blender doesn't execute anymore.. This is the terminal output:	
<pre>[icarious@crashdump ~]\$ blender blender: error while loading shared libraries: libIlmImf.so.6: cannot open shared object file: No such file or directory <pre> libIlmImf.so.6 doesn't exist : <pre> [icarious@crashdump ~]\$ ls -l /usr/lib/ grep IlmImf -rw-r--r-- 1 root root 1767680 12. Okt 14:44 libIlmImf.a lrwxrwxrwx 1 root root 18 12. Okt 14:44 libIlmImf.so -> libIlmImf.so.7.0.0 lrwxrwxrwx 1 root root 18 12. Okt 14:44 libIlmImf.so.7 -> libIlmImf.so.7.0.0 -rwxr-xr-x 1 root root 815168 12. Okt 14:44 libIlmImf.so.7.0.0 <pre> A temporary workaround would be syslinking using : <pre> \$sudo ln -s /usr/lib/libIlmImf.so.7 /usr/lib/libIlmImf.so.6 <pre> until there is a Blender update with corrected libraries</pre>	

History

#3 - 2012-10-17 12:06 PM - icarious

Received a blender update today.. Version: 2.64a-1... It resolved the previous problem.. however a new problem occurred with the new python3.3 libraries.. right now i am getting a :

```
[icarious@crashdump ~]$ blender
blender: error while loading shared libraries: libpython3.2mu.so.1.0: cannot open shared object file: No such file or directory
```

#4 - 2012-10-20 03:53 PM - icarious

blender-libre 2.64a-2 fixed the problem now :)
