

Packages - Bug #211

[pacman] parabola-keyring and archlinux-keyring should be updated before other packages

2012-10-30 09:52 AM - mtjm

Status: fixed	% Done: 0%
Priority: bug	
Assignee:	
Category:	
Description They would be obviously useless if no updated package will use the new keys. If updating them at the same time as parabola-keyring, pacman will not consider them trusted.	

History

#2 - 2013-03-12 07:08 AM - mtjm

Fixed on mips64el, next pacman build should have it on x86.
