Category:	
Description attaching log, this is the error: lto1: fatal error: LTO_tags out of range: Range is 0 to 361, value is 8448 using systemd-nspawn to chroot.	

History

#2 - 2012-10-31 03:59 PM - fauno

i tried with regular chroot just in case and same error happens

#3 - 2012-10-31 04:49 PM - fauno

it's a problem with the crosstoolchain

#4 - 2016-05-12 12:14 AM - Anonymous

- Project changed from 3 to Ports
