

Installation Media - Bug #215

archisobasedir=libre is needed as a boot option on 2012.10.17 ISO

Description	
Now 'arch' is the default value and 'libre' directory can't be accessed.	
Using Grub 2 ISO loopback booting. It may be necessary in other boot configurations.	
'parabola-archiso' package may need an update.

It's not necessary to specify this option to boot the new testing ISO on <http://alfplayer.com.ar/parabola/iso-testing/2013.03.14/>
