I don't have an ARM/GUI testing environment yet so rebuilt package @

https://freemor.homelinux.net/~freemor/shared_files/parabola_arm_testing/xmms2-0.8DrO_o.949.gca15e830-12.parabola1-armv7h.pkg.tar.xz

Please give it a test. If it works and fixes the current issue I'll push it.
