| Description I stumbelded accross https://wiki.parabola.nu/Tor_(%E7%AE%80%E4%BD%93%E4%B8%AD%E6%96%87) and noticed the following issues: <ul style="list-style-type: none">• There is another page https://wiki.parabola.nu/Tor which seems to have the same purpose.• The content of the page consits mostly of snippets and keywords, explanatory text is missing.• The page is badly formatted. If I didn't totally miss the purpose of this page, I propose to remove the page. | |

you did not need to stumble upon it - thats one of the translated pages - it is reachable via the second hyper-link from last in the 'i18n' header

it looks like the templates are broken by the unicode on the markup - but otherwise it is proabbly? a good page - of course i cant read word (glyph) of it so ... it could be an advertisment for tennis shoes

So I exactly did miss it ;-)

The glyphs are not displayed in my browsers and/or I don't have the necessary fonts installed.

So you can close this issue.
