

Packages - Bug #2216

[acpi_call-lts] Needs to be rebuilt for basekernel=4.19.25

2019-02-27 12:25 PM - Rigo-V

Status: fixed	% Done: 100%
Priority: bug	
Assignee: oaken-source	
Category:	
Description	
The new linux-libre-lts 4.19.25 cannot currently be installed. I wonder if this package could be rebuilt at the same time as the kernel is updated?
