Description TORCS is a car racing game, probably still in early development but has some style to it. It is free software and requires 3D acceleration to run. Official homepage: http://torcs.sourceforge.net/	

History

#1 - 2022-04-21 04:32 AM - gap

IIRC a while ago I was looking at this project and found some proprietary multimedia files.

#2 - 2022-04-23 07:41 PM - gap

To confirm my recollection, Hyperbola has TORCS blacklisted:

- <https://git.hyperbola.info:50100/software/blacklist.git/tree/blacklist.txt#n2656>
- https://issues.hyperbola.info/index.php?do=details&task_id=713
- <https://salsa.debian.org/games-team/torcs/raw/e88d1d660467e36673c55d4ec6a0df510bbdf740/debian/README.source>
