A desktop manager for Xfce

local/xfwm4 4.12.5-1 (xfce4)  
Xfce window manager

local/xfwm4-themes 4.10.0-3 (xfce4)  
A set of additional themes for the Xfce window manager

## Issue

There is an unwanted grey background appearing around tray icons when compositing is disabled.

## How to reproduce

Just disable compositing and the tray icons should turn grey, you need to colorize the panel differently than grey to see it.
