<p>In /usr/share/supertuxkart/data/sfx/License.txt there is a reference to SoundSnap license (short version):</p>	
<pre> You are Free: - To remix or transform the sounds in any way - To copy, distribute and transmit the sounds - To use the sounds in any music, film, video game, website etc. whether commercial or not, without paying royalties or other fees You Cannot: - Make commercial distribution of these sounds 'as they are'. For example, you cannot download and sell them as part of a CD library</pre>	
<p>i don't know which files are related to this license because seems unspecified</p>	

History

#2 - 2012-11-24 09:39 AM - Anonymous

supertuxkart was added to the blacklist. Thanks for the report!

#4 - 2012-12-11 05:52 AM - g.one

Supertuxkart 0.8 is out without non-free stuff (probably you should check carefully this before put it in whitelist again).

#5 - 2012-12-12 12:59 AM - mtjm

Verified and unblacklisted (there is no whitelist that I know about).
