

Packages - Bug #2332

[freerdp] Unresolvable dependency: faac.

2019-06-12 09:25 AM - botplus

Status: fixed	% Done: 100%
Priority: bug	
Assignee: freemor	
Category:	
Description I cannot upgrade the system because of the dependency problem of freerdp. It requires the package faac but it doesn't exist in the repos. Here is what I get: <pre># sudo pacman -Syu :: Synchronizing package databases... libre is up to date core is up to date extra is up to date community is up to date nonprism is up to date multilib is up to date :: Starting full system upgrade... resolving dependencies... warning: cannot resolve "faac", a dependency of "freerdp" :: The following package cannot be upgraded due to unresolvable dependencies: freerdp :: Do you want to skip the above package for this upgrade? [y/N] error: failed to prepare transaction (could not satisfy dependencies) :: unable to satisfy dependency 'faac' required by freerdp</pre>	

History

#1 - 2019-06-12 09:46 AM - botplus

A little typo: It's not a # but \$, for sure.

#2 - 2019-06-12 10:46 AM - freemor

- Assignee set to freemor

- Status changed from unconfirmed to confirmed

Yep, the depends changed in the latest upstream build.

But is trivial to make a [libre] version. just 2 little tweaks to the PKGBUILD

I'll try to get it pushed out by the end of the day.

#3 - 2019-06-12 04:38 PM - freemor

- % Done changed from 0 to 100

- Status changed from confirmed to fixed

[libre/freerdp] built for all 3 Architectures and pushed. [community/freerdp] blacklisted.

'freerdp' (now 'freerdp2') and its successor 'freerdp' (v3) no longer depend on 'faac' - removing it from the blacklist
