

Packages - Bug #2395

[poppler] Dependence conflicts with cups-filters and texlive-bin

2019-07-21 03:17 AM - eliotime3000

Status: fixed	% Done: 100%
Priority: broken	
Assignee: freemor	
Category:	
Description	
The following messages appeared when I tried to update the system:	
<pre>error: no se pudo preparar la operación (no se pudieron satisfacer las dependencias) :: instalando poppler (0.79.0-1) se rompe la dependencia con «poppler= 0.78.0», necesaria para el paquete cups-filters :: instalando poppler (0.79.0-1) se rompe la dependencia con «poppler= 0.78.0-1», necesaria para el paquete texlive-bin</pre>	
Please update cups-filters and texlive-bin ASAP.	
Thanks.	

History

#1 - 2019-07-21 11:12 AM - freemor

Thanks for letting us know.. We will get to as time permits These are both fairly minor builds and should go quickly

WRT "ASAP", Please don't Saying that doesn't make the devs move any faster. if you need it instantly pull the PKGBUILDS and rebuild it for yourself. saying "ASAP" just makes it sound like you think we are your own personal code monkeys that should jump when you say so.

#2 - 2019-07-21 11:24 AM - freemor

- Priority changed from bug to broken

- Status changed from unconfirmed to confirmed

Starting cups-filters rebuilds
looks like just X86_64 and ARM
Leaving this unassigned so others can feel free to jump in

#3 - 2019-07-21 12:18 PM - freemor

- % Done changed from 0 to 50

cups-filters rebuilt and pushed
Will tackle texlive-bin later today if no one else gets to it first

#4 - 2019-07-22 01:24 AM - freemor

Starting texlive-bin rebuilds

#5 - 2019-07-22 08:20 PM - freemor

- % Done changed from 50 to 100

- Assignee set to freemor

[libre/texlive-bin] rebuilds done, pushed, Closing as fixed

#6 - 2019-07-22 08:20 PM - freemor

- Status changed from confirmed to fixed
