

Packages - Bug #2554

[icecat]: can not sign in to sync

2019-11-22 02:11 PM - bill-auger

Status: forwarded upstream	% Done: 0%
Priority: bug	
Assignee:	
Category:	
Description this is a recurring problem - it works with some release then not with the next - it is likely an upstream issue - ive reported the bug myself in the past - it gets fixed then it comes back the only apparent clues are this line in the shell terminal: <pre>console.warn: LoginRecipes: getRecipes: falling back to a synchronous message for: https://accounts.firefox.com</pre> and this error in the browser JS log <pre>Working... Response not received for: fxaccounts:can_link_account</pre>
