

Packages - Bug #2568

[lightspark] Depends on old Boost

2019-12-02 03:00 PM - Anonymous

Status:	fixed	% Done:	0%
Priority:	broken		
Assignee:	bill-auger		
Category:			
Description			
Lightspark cannot be started because it depends on older Boost:			
lightspark: error while loading shared libraries: libboost_filesystem.so.1.69.0: cannot open share d object file: No such file or directory			
It looks like simple rebuild will fix it.			

History

- Assignee set to bill-auger
- Status changed from unconfirmed to in progress

#2 - 2020-02-02 02:26 AM - bill-auger

- Priority changed from bug to broken

this looks like the latest boost-libs breaks this program - i686 built successfully against boost-libs v1.71.0; but x86\_64 and armv7h (both with boost-libs v1.72.0) fail with some unknown \*\_BOOST\_\* macros

```

```

#3 - 2020-02-02 08:10 PM - bill-auger

- Status changed from in progress to forwarded upstream
- upstream has a patch for this - presumably, it will make the next release
