Packages - Packaging Request #2599

[tensorflow] depends on non-free bazel

2020-01-13 06:55 AM - oaken-source

Status:	open	**% Done:**	0%
Priority:	freedom issue		
Assignee:			
Category:			

Description
tensorflow, tensorflow-opt, python-tensorflow and python-tensorflow-opt are all built using bazel, which is currently blacklisted.

Are these suitable workarounds?:

- https://awesomeopensource.com/project/PatWie/tensorflow-cmake
- https://reposhub.com/python/deep-learning/serizba-cppflow.html
- https://github.com/Robinatp/Compile-Tensorflow-C--without-Bazel.git

#5 - 2022-03-31 12:06 AM - GNUtoo

- Status changed from confirmed to open

- Tracker changed from Freedom Issue to Packaging Request

I've moved to packaging request as these packages are already blacklisted.
