

Packages - Packaging Request #2875

tintin outdated

2020-08-25 04:00 AM - marll

Status: fixed	% Done: 90%
Priority: wish	
Assignee: freemor	
Category:	
Description Current repository version for tintin is 2.01.8. The latest version is 8 releases newer, 2.02.03. So there is a year's gap between the version on Parabola repositories and the latest package release. https://tintin.mudhalla.net/news.php https://tintin.sourceforge.io/forum/viewforum.php?f=1&sid=daba625abcf80425e51a441890c1b1db Please update if not too hard, would love to give it a try, especially since I doubt anyone will work on making Mudlet available, which has more features.	

History

Updated for x86_64 and i686.

My aRM chroot still has the semop issue so if someone with a working ARM chroot could build wehn they get a sec that'd be great.
