Category:			
Description			
I have [ace] package installed from AUR, but pacman asks me to replace it with unrelated package [pcr/ucsniff-ace].			
If [aur/ace] is non-free, please inform me and close this issue.			

History

#1 - 2020-09-21 09:19 PM - bill-auger

- Priority changed from bug to wish
- Status changed from unconfirmed to open
- Subject changed from [pcr/ucsniff-ace] Asks to replace [aur/ace] to [pcr/ucsniff-ace] Asks to replace 'ace'
- Tracker changed from Bug to Housekeeping

ucsniff-ace is unrelated to the 'ace' package in AUR; but it is related to the 'ace' package that was apparently in arch or parabola at one time; but those are not the same program

pacman does not intentionally conflict with anything in the AUR

- this is a case of people giving their software a name, which is already used by some other software

no arch package exists not with that name now, so it could be removed from the replaces array
