

Packages - Bug #2952

[libxfce4ui] Update required to the version 4.16.

2020-12-24 12:46 AM - eliotime3000

Status: fixed	% Done: 0%
Priority: bug	
Assignee: bill-auger	
Category:	
Description Actually, the XFCE desktop environment has been updated to the version 4.16. However, the package libxfce4ui is still on the version 4.14, which is generating a bug that doesn't load the whole desktop environment. Please update this package as soon as possible. Thanks.
