Description			
openmw still depend on openscenegraph34.			

History

#1 - 2022-05-07 12:38 PM - Zuss

Submitted a pull request to get OpenMW working with the latest version but that brings additional dependencies:
https://pagure.io/abslibre/pull-request/46

#2 - 2022-05-14 11:19 AM - Zuss

- Status changed from unconfirmed to in progress

#3 - 2022-12-20 08:23 PM - bill-auger

- Subject changed from [openmw] openscenegraph34 moved to openscenegraph to [openmw] openmw package can't be installed - openscenegraph34 moved to openscenegraph

#4 - 2022-12-20 08:51 PM - direnis

i tried (https://pagure.io/forks/morris/abslibre.git) and it didnt worked for me

```
$ makepkg -sri
==> Making package: openmw 0.45.0-1.parabola1 (Tue Dec 20 23:42:47 2022)
==> Checking runtime dependencies...
==> Installing missing dependencies...
error: target not found: openscenegraph34
==> ERROR: 'pacman' failed to install missing dependencies.
```

#5 - 2022-12-20 08:57 PM - bill-auger

> Making package: openmw 0.45.0-1.parabola1

wrong version - you maybe checked-out the wrong branch - the important changes are on the 'openmw-0-47-0' branch

#6 - 2022-12-20 09:07 PM - direnis

Same issue is present there too,

```
$ makepkg -sri
==> WARNING: Cannot find the sudo binary. Will use su to acquire root privileges.
==> Making package: openmw 0.47.0-1.parabola1 (Wed Dec 21 00:05:43 2022)
==> Checking runtime dependencies...
==> Installing missing dependencies...
error: target not found: recastnavigation
error: target not found: bullet-double
==> ERROR: 'pacman' failed to install missing dependencies.
```

#7 - 2022-12-20 10:02 PM - bill-auger

the pull request mentions that 'recastnavigation' and 'bullet-double' would also need to be packaged to support 'openmw'

https://pagure.io/fork/morris/abslibre/blob/openmw-0-47-0/f/pcr/recastnavigation
https://pagure.io/fork/morris/abslibre/blob/openmw-0-47-0/f/pcr/bullet-double
