<b>Category:</b>			
<b>Description</b>			
1. pacman --debug -Syyuu base your-freedom error: failed to prepare transaction (could not satisfy dependencies) :: installing pacman (6.0.0-2.parabola1) breaks dependency 'pacman<5.3' required by libretools			
And indeed libretools from nonsystemd repository depends on pacman<5.3 whereas the current version of pacman in the repository is 6.0.0-2.parabola1:			
1. pacman -Si libretools Repository : nonsystemd Name : libretools Version : 20181004-6.1.nonsystemd2 Description : Programs for Parabola development Architecture : any URL : <a href="https://git.parabola.nu/packages/libretools.git/">https://git.parabola.nu/packages/libretools.git/</a> Licenses : GPL3 GPL2 Groups : None Provides : None Depends On : librelib=20181004 gitget=20181004 pacman>=5.1.1-1.parabola5 pacman<5.3 arch-install-scripts binutils expac fakeroot make openssh rsync chroot-nspawn tokyocabinet subversion wget Optional Deps : qemu-user-static-binfmt: To build ARM packages from x86 Conflicts With : devtools libretools-mips64el Replaces : libretools-mips64el Download Size : 65.96 KiB Installed Size : 225.13 KiB Packager : David P. < <a href="mailto:megver83@parabola.nu">megver83@parabola.nu</a> > Build Date : Tue 01 Sep 2020 11:57:16 PM CEST			

## History

### #1 - 2021-06-27 12:14 PM - arnau

- File libretools-nonsystemd.patch added

It seems like a straightforward fix as the last commit on libretools from libre.git has to be applied on libretools from nonsystemd.git. I was not able to test because of the following error with librechroot (even after a cold reboot, I still have this problem):

```
==> Starting pre-build activities...
| ==> Downloading blacklist of proprietary software packages...done
| -> Inspecting package pkgname=libretools (20181004-6.2.nonsystemd2)
==> Downloading sources...
| ==> Making package: libretools 20181004-6.2.nonsystemd2 (Sun 27 Jun 2021 02:13:27 PM CEST)
| ==> Retrieving sources...
| -> Found libretools-20181004.tar.gz
| -> Found libretools-20181004.tar.gz.sig
| -> Found nonsystemd.patch
| -> Found 0002-libremakepkg-pacman_5_2.patch
| ==> Validating source files with sha256sums...
| libretools-20181004.tar.gz ... Passed
| libretools-20181004.tar.gz.sig ... Skipped
| nonsystemd.patch ... Passed
| 0002-libremakepkg-pacman_5_2.patch ... Passed
| ==> Verifying source file signatures with gpg...
| libretools-20181004.tar.gz ... Passed
```

```
| ==> Entering fakeroot environment...
| ==> Creating source package...
|   -> Adding PKGBUILD...
|   -> Generating .SRCINFO file...
