<ul style="list-style-type: none">Note:<p>I do not know to classify this issue as a bug or another kind of bug. Please help triage.</p>Question:<p>How can I install Gambas 3 successfully even without those conflicting packages in the error messages?</p>			
Thank you very much to Parabola in general and Bill Auger in particular who helped me a lot in the emails and IRC and suggesting me to report bug here.			
Sincerely yours,			
Malsasa
